### NOTICE TO ALL QAPSA HOLSTER

#### ACCREDITATION EXAMINERS

Prior to putting any person through the Holster Accreditation Course check that the person has a Category H licence and is affiliated with QAPSA/Pistol Australia. Do not put them through the course until affiliated.

*Ted Collins: Proficiency Issuing Officer*

New 2009 Range Officer Guides for all ISSF/Pistol Australia events are on their way to all QAPSA clubs now.

**Please note the cover page, which states that these guides are for the use of Pistol Australia /QAPSA affiliated clubs and range officers only, and are copyrighted.**

There have been a substantial number of rule changes to the Pistol Australia/ISSF rules, but those to affect us the most are:

1. Minimum trigger weight for 25m CF is 1000g.
2. Tie-breaking by count-back now uses the number of inner 10's as the first step in resolving ties.

To find out more get a 2009 ISSF/PA rule book , or check out the NRC (Officiating) section of the PA website:  
[www.pistolorg.au](http://www.pistolorg.au)

### REMEMBER

**For the Pistol Australia/QAPSA holster event of Service Pistol, rule 2.3 states ' During the course of the competition unloaded pistols may be carried in a holster only whilst under the control of the Range Officer or Chief Range Officer'.**

**For WA 1500, rule 2.7 states 'Firearms may only be holstered while under the control of a Range Officer'.**

**OLDER AND BOLDER - AT THE  
MURRUMBA PISTOL CLUB!**

**From Fran Dawson**

Murrumba Pistol Club held an 'Older and Bolder' activity in conjunction with the Moreton Bay Regional Council on March 10.

We had 14 people participate in Air Pistol and .22 . All participants enjoyed the afternoon's activities which included afternoon tea. Many expressed interest in joining the club.

Thanks to all the Murrumba club members who helped out with tutoring, advice and general assistance.

On April 8 Murrumba Club is running the 'Adventure Women' activity with the same format, to encourage more women into the sport.

The 'Old and Bold' enjoyed their day at the Murrumba PC, with some being bolder than others!

**GRADING:** Show your grade on your grading grade by putting an X in the box.  
 To break into the highest grade in any event : Master, SHM or HM (including Metallic Silhouette) the grade break score must be shot at a sanctioned QAPSA/Open, PA National or State Championship or International event.  
 Grade breaks in the grades below the top grade can be achieved at any of the above events or a club shoot. **The score only has to be shot once for you to be upgraded.**  
 To downgrade you must not have shot your current grade score in that event for 12 months—you can then ask your club scorer to confirm this downgrade on your Grading Card.

**Glen's View**

**Glen Flett**

Boring! Nothing much to whinge about so far this year, other than my shooting , but you don't want to hear about that. I am sure something will stir my sarcastic ire before too long. So what's happening up this way?

Well, our first shoot for '09 is this weekend (7-8 March); Services + WA 1500. Should be interesting , as we're running both divisions of 1500 (revolver and auto), for the first time. I've been getting a bit of practice in, and I gotta say, these autos ain't that easy to get the hang of. But they sure are fun—promise you won't laugh when you see the scores.

Anyhow, the next bit of business is our Service Marathon, 13—14 June. Our interstate regulars have already booked their flights—how about you?

To try and encourage a few more participants from further afield, say like Brisbane for example, and because the dollars are getting a bit tight, if anyone flying up wants to camp on the range we can arrange to have them picked up at the airport and dropped off at the club for a bit of fuel money. At a stretch some bedding may be available, if you don't mind sleeping on the floor. Get in early if you want a mattress!

Just let us know on your entry form. Don't forget you'll have to freight your ammo up.

Over 1 100 rounds if you shoot everything.

To finish, I wish everyone good luck at the Nationals, and to the State Teams: Go Queenslanders!!

## **AT THE CLUBS**

### **Toowoomba's New Year Loss**

**from Arthur Copeland**

2009 was just nine days old when the club members learned of the passing of their longest serving member, Colin Douglas (Col) Vaughan.

A member since 1970, Col succumbed to Motor Neurone Disease which, in the last few weeks of his life, had so debilitated him that it even robbed him of his speech.

Col was a tireless worker for the club and for the Gatton community.

At the Club's annual Open Shoot, he was a familiar face at the barbecue, doling out the snags, the steaks and the onions and, when it was all over, clearing all the wheelie bins, loading the rubbish into his old Holden ute ('It's a work horse, not a show pony') and taking it all off to the Helidon dump. He did so much work behind the scenes too, like mowing the ranges and the parking areas, and he and his wife, Val, were to the fore in providing the gear for the air pistol range.

Col was interred privately, but then publicly farewelled at a memorial service which drew a capacity crowd to the Gatton Shire Hall. They heard at length of his seemingly never-ending community service and his long involvement with the local Masonic Lodge.

Col's daughters, Louella and Emma, remembered him as a warm and loving family man, and they spoke of his valiant battle with Motor Neurone Disease which '... he bore with courage and dignity'. Gatton Shire Mayor, Steve Jones, described Col as 'an outstanding citizen' as he spoke of his community service. Jonathan Rudduck from the Masonic Lodge and David Schofield from the Gatton Lions Club also paid tribute to Col for his warmth, compassion and service to the local community. Mr Rudduck observed that, 'if every town and organisation was full of Col Vaughans, what a wonderful world it would be'.

Long may he be remembered. Vale Col Vaughan.
