

Queensland Amateur Pistol Shooting Association

Aim for a sport which can shoot you along the pathway of local, zone, state, national and international events, or just participate socially at a club level.

Male and female, young and old, compete side-by-side in many diverse events – Australia and world wide.

Contact the state association to be guided to a club near you.

Each club will offer safety and coaching sessions to help you become acquainted with this distinctive, challenging sport.
